Physical-device test log

DevothaPortfolio, SWE 3409 Individual Assignment 2

Student	TUYISINGIZE Devotha	**Registration number**	25/27747
App / version	DevothaPortfolio 1.0.0	**Verification code**	MOB-A2-7747
Device (brand, model)		**Android version**	
Screen size / font setting		**APK file tested**	MOB_A2_2527747.apk
Tester	TUYISINGIZE Devotha	**Date(s) tested**	

Fill the Result column on the real phone with the installed APK (no Expo Go). Write **PASS** or **FAIL**, the date and any note. Only record what you actually saw.

ID	Test	Steps	Expected	Result / date / notes
T01	**Install APK**	Open the APK on the phone and install it.	App installs without errors.	
T02	**Launch without Expo Go**	Open DevothaPortfolio from the app drawer. Expo Go is not installed or not used.	App opens straight to Home.	
T03	**Identity sentence**	Look at the top of Home.	First sentence reads "My name is TUYISINGIZE Devotha."	
T04	**Skills and education**	Open the Skills tab and scroll.	At least five skills and the timeline are shown.	
T05	**Projects and details**	Open Projects, tap a project.	Project Details shows problem, contribution and technology.	
T06	**Back navigation**	In Project Details, press the Android Back button.	Returns to the project list; tabs and scroll state kept.	
T07	**Validation error**	Edit tab: clear the headline, tap Save.	Red field message and "Not saved" banner; nothing saved.	
T08	**Valid save**	Enter a valid headline (10+ characters), tap Save.	"Profile saved" banner; Home shows new headline.	
T09	**Restart persistence**	Close the app fully, reopen it.	The saved headline is still shown.	
T10	**Camera allowed**	Tap Take photo, allow permission, take a picture.	Preview appears; Home shows the photo.	
T11	**Camera denied**	Deny camera permission (or revoke in Settings), tap Take photo.	Clear message appears; gallery option still works.	
T12	**Gallery selection**	Tap Choose from gallery and pick an image.	Preview appears and is saved.	

ID	Test	Steps	Expected	Result / date / notes
T13	**Cancellation**	Open the camera or gallery and cancel.	Info message; current photo unchanged.	
T14	**Replace photo**	Tap Replace with camera or Replace from gallery.	New photo replaces the old one.	
T15	**Remove photo**	Tap Remove photo and confirm.	Initials avatar is shown again.	
T16	**Photo after restart**	Set a photo, close and reopen the app.	The photo is still shown on Home and Edit.	
T17	**Airplane Mode**	Turn on Airplane Mode, open every tab and a project.	All screens work; nothing needs the internet.	
T18	**Large text**	Android Settings: Font size set to the largest. Check all tabs.	No cut-off or overlapping text; pages scroll.	
T19	**About screen**	Open the About tab.	App name, student name, reg. number, code, version, data-use text.	
T20	**Reset**	Edit tab: Reset to defaults, confirm.	Original text and initials avatar return.	

Overall result: _____ Signature: _____ Date: _____
